ABOUT US:

Seth Hirachand Mutha Shaikshanik Trust was established in year 2000 to not only commemorate the memory of Seth Hirachand Mutha but also to give concrete shape to his dreams. The Seth Hirachand Mutha Shaikshanik Trust though, is not resting on its laurels & is expanding its activities in terms of its breadth & scale with a clean cut objective of imparting affordable quality education in time with the changing demands of the times. So we have the plan to provide one step destination for K.G. to P.G. education. Our trust has been granted minority status.

The College has its own campus located at Kolivali and comprising of well airy, spacious lecture halls, laboratories, auditorium, conference & convention halls, Library, Canteen etc. Excellent facilities for Students opting for computer Science and IT Courses have been provided. College provides various programs in Arts (Economics & History), Commerce. (B.Com, Banking Insurance, A/C & Finance, BMS), Science (BSC Chem., CS & IT) & M.Com (Advanced Accounting). Recently the College was awarded with 'B' Grade by NAAC.

ABOUT THE CONFERENCE:

The economic and technical expansion in India is playing a major role in deriving the maximum benefits from the assets which were already created to ensure the fruit of change that has to reach all sections. The highway to this goal is Education.

A country with history of 5000 years and growing population of 1.2 billion is slowly changing at an elephant pace. The consistent growth rate of India in last two decades has been attributed to the higher education system which has been able to generate skilled manpower for the rapid industrialization and knowledge based economy. India has become the hub of Information Technology (IT) & IT enabled services industry and manufacturing industry. Though education system has been able to support service industry Research & Development (R &D) at Universities

and industries have not kept pace with developed countries which has created huge divide within the society. The progress which has been made in last two decades has not reached all sections of the society.

Through this conference we aim to reduce this distance between the education system and industries, so as to ensure overall development which can reach all sectors.
